TO THE VICTORS

Where Freemen Shall Stand...
Hail to the men and women of the armed forces who, marching together,
have given us a new lease on freedom.
These young Americans have fought to keep a way of life, founded on
Liberty and Equality . . . Our faith in them and their faith in these ideals,
and the complete unity of American purpose in every effort, together with
unselfish sacrifice, has kept America free.
Back of the battle lines has stood a united people . . . A people deter-
mined to let nothing stand in the way of victory.
Together with our allies, American youth has again made the world
secure for freedom . . . Another victory is won . . . The final phase shall
find a complete and total victory for liberty-loving people everywhere.

INTERNATIONAL TRUCKS

TRUCKS like our treatment

After your truck has been through our shop you can tell by the way it runs that our treatment is good and thorough. It takes men who know all about motor trucks to make expert repairs. Our mechanics qualify for this important work. And they're hard at these days doing all they can to keep more trucks rolling.

Your truck also appreciates good replacement parts. We sell the best—genuine International parts that are identical with the original parts built into International Trucks at the factory. Order your parts now from our big stock.

New trucks are here for someone to come. A few will be available in this community for every kind of civilian hauling. We will be glad to help you make out the necessary application. But the big thing is to keep your present equipment in the best possible shape. That's the important job we'll do for you whenever you say.

A grateful Nation has gilded itself for the Mighty Seventh War Loan for \$14 billions of dollars, half of which has been raised by individual sales quota. According to reports from state chairman recently, the State of Florida is the Director of the War Finance Division of the U. S. Treasury. The Nation is ready for the huge task.

Mr. Gamble was enthusiastic about the success of the campaign, "We did the best job in the 7th War Loan". Mr. Gamble said that "but there were more money available than ever before in such a short time. Individual income will be higher during the period of the 7th War Loan than in any previous War Loan period."

Secretary of the Treasury Henry Morgenthau, Jr., reported that seven billions of dollars has been raised in sales quota for individual investors and that the major emphasis throughout the drive will be placed on the smaller individuals. The individual quota is the highest emphasis in any of the previous drives.

The E Bond quota alone is 4 billion dollars. The 7th War Loan seeks nearly as much in the first drive as was asked in the first two drives of last year. This is the second year of the war.

The two drives of this year, therefore, will seek nearly as much as was sought in the three drives of 1944.

The Secretary stated that there is enough money in the country for all expenditures are going to remain at a high level for some time to come, and that the present war emergency program was designed to obtain maximum funds necessary to prosecute the war.

The securities, which will be sold and distributed by the War Finance Committee, are as follows:

Series E, F and G Savings Bonds; Series E, F and G Savings Certificates of Indebtedness; The 1½% Bonds; and the 2½% Bonds.

The Drive for individuals will extend from May 1 to June 30. However, an intensification of activities in the sale of Series E began April 8, with the offering of permanent payroll savings plans throughout the country.
